Features	Stafford	Other Builders	Used Home
Healthy Homes			
• EPA Indoor AirPLUS certified for healthy air quality	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Moisture content certified with certificate from 3rd party testing company	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Whole house ventilation system with MERV-13 level air filtration that is rated "Hospital Clean" trapping dust particles, mold spores, dust mite debris tobacco smoke and pet dander.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Air sealing to reduce building air leakage resulting in 2.0-3.0 air changes/hour (ACH)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• CRI Green Label Plus® certified carpeting. This verifies the carpet has passed stringent Air Quality Carpet Testing to ensure low-emission off gassing in your new home.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Energy Efficiency			
• Energy Trust of Oregon certified home. EPS Energy Performance Score verified by 3rd party. This certification shows the home buyer just how far ABOVE code-built our homes are. In most cases, we attain 28-40% better than code!	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Solar-Ready electrical panel. Our home buyers can opt to install solar after moving in, and benefit from available State and Local incentives.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• R-60 ceiling insulation, R-23 blown in blanket (BIBS) exterior wall, R-30 floor insulation	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Ultra efficient 65 gl Rheem Platinum heat pump water heater. Equipped with the Rheem EcoNet® WiFi-enabled controller.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• EPA Water-Sense® approved plumbing fixtures for savings and efficiency	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Non-Metallic PEX plumbing throughout means no split, bursting pipes or contamination from the piping itself.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• High-efficiency 96% gas furnace, pre-plumbed for A/C. The furnace and ducting are installed and routed within the thermal envelope, not in the garage where fumes and toxins can enter into the system.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Energy Star rated windows with a U rating of .26 for 15% savings in heat and cooling loss. Our windows are installed the correct way by a Professional Window installer, not the framing crew.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Efficient LED lamps in fixtures that accommodate them for substantial savings and long operational life spans	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
